### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: with respect to the double patenting rejection, the currently amended claims have included structure which was not in the previously rejected claims under double patenting, and it is considered that this rejection is no longer sustainable in light of the amendment to claim 1 which was the only independent claim left rejected. Therefore, the amendment has obviated the previous double patenting rejection. It is noted that the terminal disclaimer filed on June 29, 2005 was found to be defective in that an attorney of record had not signed the terminal disclaimer, however, as set forth above, the instant amendment obviates the double patenting rejection previously held on claims 1, 2, and 6-9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
